

# BCOP MINISTRIES UPDATES

## MOVING FORWARD

- ⇒ We would like to thank Grace Place Church for coming along side of this ministry with their support and prayers.
- ⇒ **News Update!** The kids are doing extremely well on the ACE Program and the teachers are really enjoying the curriculum as well. The training the teachers got earlier this year really helped a lot and gave them a lot of confidence in themselves.
- ⇒ **UPDATE!** Mission Trip in October was a great success and much was accomplished. Our thanks to Kim Land and Ron and Nancy Frink for all their hard work on the mission trip!

Moriah Centre is changing its curriculum and has decided to teach the ACE (Accelerated Christian Education) curriculum starting in 2009 school year. There is a cost involved to use their materials. Currently, the Moriah Centre is preschool through 6th Grade. The plan is to add a new grade each year, as the present kids advance, and eventually go thru to 12th grade. Almost 50% of the kids in Swaziland are not attending school. So, the Moriah Centre will become a Mission School along with 8 others in Swaziland. With the change in curriculum, there are new requests that need to be fulfilled. One, more classrooms will be necessary. Two, the cost for each child will increase and so we are making available a portfolio of each child and the cost to support one child for one year of school. More information will be forth coming in the next few weeks. Please pray for the Moriah Centre that they can increase the number of students and will be able to hire more teachers.

- ⇒ BCOP information is available on DVD and a Power Point Presentation. Just let us know if you would like us to send you one. Please be sure to send your address as well.
- ⇒ If you have been praying about supporting this ministry, please let us know. You can send packages and/or financial support to BCOP, P.O. Box 2603, Loveland, CO 80539-2603. Please note if we have your permission to mention your name in the next newsletter of new BCOP supporters. God will complete the work, He has begun!
- ⇒ Good News! Now available on our [give.org](http://give.org). Look for the "Donate Now"  BCOP website through **just-** button shown below....

# MORIAH CENTRE NEWS

## 2009—Building Fund

- ⇒ BCOP has started a building fund in 2007 for a new school building for the Moriah Centre. We have been able to put almost \$50,000 into this fund as of 11/30/2009.

## 2009 UPDATES

- ⇒ 14 pupils to be the first ACE class at Moriah Centre. Pre-school class will be doing a preparatory course to lead into the ACE class for next year. There are 15 pre-school students in this class. Course was developed by a lovely lady in South Africa and is being used in two schools in South Africa as well.
- ⇒ 4 new outhouses were built at a cost of \$3,000.00. We only had one up till now. A Blessing!

## ONGOING NEEDS

We would like to see our supporters pick an item to support over the next year. If you would like to specify where your donation is allocated, let us know. Below are some of the needs that we are aware of.

New Classroom floor sealed and painted to get rid of cement dust from 60 year old floor. 2009

- ⇒ \$30.00 a month will support a child for a year with food clothing and all school materials.
- ⇒ There are now 12 children sponsored with Moriah Centre. We have 1 left to sponsor.

## New School Curriculum for 2009

- ⇒ Moriah Centre was offered all the school furniture from an ACE school in Hluhluwe. The furniture was picked up Feb.14 and ready for school Feb.16, 2009. See the website for pictures, etc. under Moriah Centre tab then click [New and Happening](#).

Thanks to all of you for your financial support and prayers!

God is faithful!

## 2009 Quarterly update!

- ⇒ Supporters of BCOP have sponsored twelve children which provides food, clothing, and school books and supplies for a year. Thank-You sponsors!! You Rock!
- ⇒ Mission Team accomplished a lot as follows: Washed and clean several classrooms and prepared the old cement floor for sealer and floor paint. Tell Ron and Nancy Frink and Becky Jackson thanks for the great job they did in the classrooms. Closed in a room for them to have another classroom and hung lights in order to enough lighting in the classrooms. Fixed water leaks from the main line to several locations that were leaking. Replaced some security lights around the school and replace burned out bulbs. Brought five suitcases full of school supplies that the school requested for the classes. Outside shower was cement in and the floor outside the back door was leveled off as well.
- ⇒ One of our goals is trying to purchase property or a building to move the school in the future. The school is in an old gas station and is not big enough to hold 12 grades. There are some buildings in Big Bend that maybe suitable for the school. Must see what the cost etc. and how we would purchase and is if we must go through the school or local entity in order to purchase a property in Big Bend. Please pray that we can find the right place to move the school so we can get started on making this happen. Of course none of this would be possible without the support of all our supporters. This is a blessing that will keep giving back to us all as we shape and support these children that without us would not be getting fed and educated. Who knows one day, one of these children could be a leader in their country of Swaziland.
