

# THE MORIAH CENTRE

CARE CENTRE FOR VULNERABLE PRE-SCHOOL CHILDREN

We are almost in the middle of the year, how time has flown. It is our winter-time now, and many of us have colds and flu. So far the winter has been mild with a few very cold nights.

The first thing that the children do when they are in the classroom is to have a time of prayer, where they are able to pray for their needs. Some of the children prayed for winter clothing. God answered their prayers by providing a donation of used clothing. There were enough winter items for the children who needed clothing. I am sure this boosted their faith in our Almighty God. Other children have prayed for healing, and have testified the following day that they were healed. Praise god!

*THE REPAINTED HALL*

## VISITORS

We were blessed to have Jan Ball and her son Chris visit us for two weeks. Jan was a great help in the classroom, and Chris did some painting, glazing and moved the kitchen to a safer place.

It wasn't all work and no play for Jan and Chris. They were able to visit Malalotja Game Reserve and enjoyed a tree-top canopy tour. They were also able to visit Mkaya Game Reserve and have close encounters with Rhino and Elephant.

### Staff

Khanyisile, Cecelia, Thulani, Nonhlanhla  
Mary, Welile, Mthokozisi

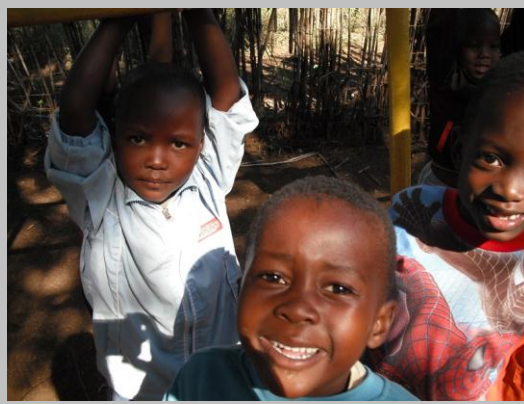

## STAFF

Khanyisile has not been well this term. She went to the Siteki hospital and after many tests found that she has an ovarian cyst. She has been away from school for three weeks while recovering. Her recovery has been slow, but she is on the mend.

Her absence has meant that I have had to fill in for her in the classroom. It has been fun teaching the children, they are so responsive. It's good to see how much progress they are making.

Nothando with “bunny ears” which she made.

### *Happy Children*

Nhlanhla can balance on one leg.

Going on a school trip!  
(How many children will fit into a little car?)
